

NEW BEGINNINGS HIGH SCHOOL

Dear Families,

New Beginnings High School is continuing to move forward with providing students with distance learning while schools remain closed.

Your student's teacher will contact you with details about how distance learning will take place in their classes. Our teachers will continue to make contact and provide assistance to our students. The purpose of remote instruction is to maintain the continuity of teaching and learning, as well as maintaining academic skills and knowledge and is our method of instruction until further notice.

We appreciate our parents and students being patient as we transition to make this significant change in how NBHS will be providing instruction. We understand that this closure will cause great inconvenience, but evidence has been mounting that social distancing is the most successful containment strategy, so we have taken this positive measure to help contain the spread of COVID-19 in our community.

If you have any questions or concerns regarding your scholar's progress during the school closure, please contact the NBHS Central Office (863-298-5666). NBHS will continue to provide updates to families via automated phone messages, NBHS website: (newbhs.net) and various social media platforms.

Again, teachers and support staff are available to assist students and parents with details about how distance learning will take place for your child. Distance learning is available now so call today to get started!

Sincerely,

Terri Nelson

Principal
